**\$45,000 FIRE HERE SUNDAY MORNING**  
— A loss of \$45,000 has been estimated following the early Sunday morning fire which destroyed the hull house and mixed feed plant at Plains Co-op Oil Mill, in east Hamlin. The fire was discovered about 4 a.m. Sunday morning and was under control of the Hamlin Volunteer Fire Department by 10 a.m. The hull house was almost filled at the time of the fire. The value of the con-

tents lost was \$15,000 in products. The steel building was torn away to control the blaze, leaving the mound of hulls on the right. A portion of the mixed feed plant is on the left. The mill is still in operation and plans are to rebuild as soon as possible. The hulls were still smoldering when the picture was taken Tuesday, after the snow Monday and Tuesday.

## Weather Data Now Available For Rolling Plains Cotton Area

Cotton growers who make the most profit from their crop grow it when the weather conditions are most likely to be favorable. They usually produce a high yield of good quality cotton during a short period. This allows them to harvest their crop mechanically without loss of grade.

A greater knowledge of weather data can aid growers in making annual production plans to keep their crop on a profit making schedule. Weather data (summaries of weather for the past 31 years) is

## Judy Jenkins To Serve On Staff At Girls State

Judy Jenkins, a senior at Hamlin High School and daughter of Mr. and Mrs. E. N. Jenkins, has been notified of her selection as a member of the staff or counselor for the 1966 session of Bluebonnet Girls State to be held at Austin, Texas, at the Texas School for the Blind, June 15-24.

Judy, along with Sheila Stone of Hamlin, was a citizen of Bluebonnet Girls State during the 1965 session. After an unsuccessful primary campaign for governor from her political party, Judy was appointed by the governor-elect to be a member of the State Board of Health. She also was chosen as calendar girl when the girls met in the State Capitol at Austin for a simulated legislative session.

Participation in Girls State is a most rewarding and wonderful experience for any girl chosen to attend, and selection to the staff for the next session is the realization of a dream come true for Judy. The sponsoring organizations from Hamlin are the Sylvester American Legion Auxiliary, The Hamlin Lions Club, and The Hamlin Rotary Club.

## Local Chapter Observing National FFA Week

The week of February 22, George Washington's Birthday, is observed as National FFA Week each year by FFA chapters throughout the United States and Puerto Rico. The FFA is a national organization for boys studying vocational agriculture. There are over 450,000 members in the national organization and over 48,000 in Texas.

The primary aim of the FFA is to develop agricultural leadership, cooperation and citizenship. This prepares today's youth for the responsibilities of tomorrow.

The theme for National FFA Week this year is "Agriculture Is More Than Farm-

ing." Many related fields are now offering numerous opportunities persons interested in agriculture.

Many FFA members try to live by the FFA Motto: Learning to do, Doing to learn, Earning to live, Living to serve.

Through classroom work and field trips members learn to do. As they apply the knowledge learned in the classroom, they then do to learn. After the first two steps are completed, boys are ready to learn a living in the broad field of agriculture. Then as responsible citizens, they live to serve the community and country.

Membership in the Hamlin FFA Chapter exceeded 100 members this year as 102 students paid local, district, area, state, and national FFA dues.

Encouraging all eligible boys to become active FFA members is the responsibility of the membership committee of the annual program of work. Chairman of the membership committee is Bobby White. Committee members are Joe Carrington, Billy Cooper, Pat Jenkins, Leroy Kirby, Dickie Scott, Reginald Wells, and Ector Willis.

Eighty-one of the local members are enrolled in a class of vocational agriculture this year. The other twenty-one members have completed one, two, or three years of study in vocational agriculture class work.

The membership committee also makes recommendations to the chapter on the selection on Honorary Chapter Farmers. This honorary degree is awarded annually at the Father-and-Son Banquet to citizens of the community who have contributed to vocational agriculture and the FFA in an outstanding way.

## FROM THE EAGLE'S BEAK . . .

Jeanne Acklin  
Ann Kemp  
Rachel Miranda  
(Feb. 14-22)

Our high school basketball teams said farewell to basketball Thursday, and welcomed volleyball. It was a nice season for basketball and all are looking forward to the next season.

"Hey, don't forget that piece of old washtub over there!" was the cry Friday. As the junior and senior boys collected scrap iron to help raise money for the Junior-Senior Trip.

As the boys were busy collecting iron, the junior and

senior girls were hard at work on the annual. Trying to hurry and get the last shipment out.

Ann Kemp has taken over Barbara Griffin's office for the Senior Class. Ann now has secretary and treasurer added to her vice-president duties. We all wish her luck for taking over such a task.

"Ten dollars on this lovely cake; do I hear eleven, will someone bid eleven?" Ten dollars going once, ten dollars going twice, ten dollars going three times! Sold to the man wearing the pink tie," hollered George Law, our agricultural teacher, as he auctioned off

cakes for the FFA. FFA had a cake auction Tuesday night during the half of the boys game. The outcome of money was terrific. Now the FFA Chapter can plan instead of dream of that banquet they want.

Jeanne Acklin, junior, has also taken over a new office. She is replacing Linda Spalding as secretary and treasurer in FFA. Jeanne is also fourth vice-president.

Our Junior High varsity in basketball traveled to Trent Monday night. The girls were defeated by the Trent Gorillas. The boys team added another victory to its undefeated record. McCaulley is proud to say our Junior High boys team had won district for 1955. The Junior High boys varsity consists of Andrew Cox, Ricky Waller, Donnie Gunn, Larry Smart, Dee Acklin, David Hill, all eighth grade; Mack Cook, and Teddy Current, both seventh grade.

The junior high teams elected Elvira Guerra as their basketball sweetheart and Rickey Waller as their hero.

During the girls game Monday night, Beatrice Miranda hurt her ankle. She now has to use crutches to walk with McCaulley urges her to hurry and get well.

School was dismissed Mon-

day due to an accident in George Law's family.

Tuesday there were a lot of greasy spots due to people sliding down on side walks.

Mr. T. E. Green, our superintendent announced Tuesday that they would postpone six weeks till next week. So now all can make his weekend one to remember.

Austin — While the Legislature in special session on voter registration grabbed the headlines, far-reaching developments were afoot in the field of higher education last week.

Coordinating Board for Texas Colleges and Universities recommended a whopping increase of nearly \$160,000,000 in appropriations for its state institutions during the coming biennium.

That would bring the total 1967-68 spending level to \$429,100,000 for the tax-supported college-university system, including \$52,800,000 for public junior colleges.

Board also concluded that "primary responsibility" for doctoral degree programs should be restricted to four schools: The University of Texas, Texas A & M University, Texas Technological College and the University of Houston. Doctoral programs at other institutions will be terminated by Sept. 1, 1968.

Exceptions were allowed for North Texas State University and Texas Woman's University, Denton, which will be allowed to continue higher degree programs now under way, pending further study. Consideration will be given to Arlington State College's offering joint doctoral degrees in the Fort Worth-Dallas area with the two Denton institutions.

Law school training, said the Board, should in the future be limited to the University of Texas, University of Houston and Texas Tech, and existing medical schools should continue under UT jurisdiction.

The basketball girls played the Trent team Thursday night. This was not a scheduled game; however, it gave us another victory 72-48. Saturday the girls will travel to Coahoma to try for the bi-district championship. The team opposing HHS will be from Marfa. Let's back our team by attending this game, and by showing good sportsmanship.

Friday, the Homemaking III girls made a tour of two of the houses in Hamlin. The girls have been studying the design and arrangement of houses. These girls would like to express their appreciation to Mrs. Joe Hudspeth and Mrs. L. R. Browning for allowing them to visit their homes.

Robert Moore, president of the Junior Class was asked "What he considered a hero was". This was his answer.

A hero can be classified in three categories: distinguished in courage, morality, and physical ability. To me a hero is the person who knows when to stay in the background, when to take charge, when to speak, when to keep silent, when to encourage others, and when to leave them alone.

## Local FFA Chapter Takes Part In Both State, National Activities

The Hamlin FFA Chapter takes an active part in programs sponsored by the Texas Association and the National Organization of the Future Farmers of America. Planning the local chapter participation in these programs is the State and National Activities Committee of the annual program of work. Rickey Acklin is chairman of this committee. Working with him are Marshall Bond, Keith Bundas, Glenn Kiser, Ismael Mendoza, Jimmy Scott, James Watson, and Howard Williams.

Each year the Hamlin Chapter sends delegates to the State FFA Convention. Last year Holman Jones and Donnie Jones were our delegates.

Members qualifying for advanced degrees submit applications for these degrees. Holman Jones received his Lone Star Farmer Degree last year. This year Jackie Buske and Robert Moore are planning on applying for their Long Star Farmer Degrees.

Chapter members prepare for various judging contests each year. Livestock and dairy cattle judging teams represent the chapter at six or seven contests each spring.

Members are now competing for places on the livestock judging team.

The Hamlin Chapter also participates in the National FFA Foundation Awards Program. Awards will be presented at the annual Father-and-Son Banquet to the Star Green Hand, Star Chapter Farmer, Farm Mechanics winner, Star Livestock Farmer, Star Poultry Farmer, and Chapter Public Speaking winner.

The local chapter plans special activities during National FFA Week. These activities include a special edition of the Hamlin Herald, FFA displays, and a FFA-FHA Fun Night.

The local chapter also enters the chapter rating contest. A superior rating has been obtained the last four years. This is the highest rating given by the Texas Association.

NEW YORK The winter months are the worst for fire losses, according to the Insurance Information Institute. Although other factors are involved, this is mainly the result of heating hazards.

LOCAL MEMBERS PLACE HIGH — Randy George, left, and Gil Lain, Hamlin FFA members, placed high last week with their barrows at the San Antonio Livestock Exposition and Rodeo. Gil had first place light weight Duroc barrow, first place medium weight Duroc barrow, second place light weight Chester White barrow, and third place light weight Hampshire barrow. He also showed the Champion Duroc barrow of the show. Randy placed third place light weight Duroc barrow and 14th place light weight Hampshire barrow.

FROM BCD HEIFER CHAIN — Mike Brown is shown with his Hereford heifer he received from Charles Stanford as a part of the Board of Community Development Beef Heifer Chain. The heifer is from the Y-6 Ranch.

**FFA MEMBERS ACTIVE IN CLASSES—**  
Members of the FFA Chapter are active in the leadership of their respective classes. Those who are serving as presidents of various groups are, left to right, Bill Johnson, Freshman Class; Robert Moore, Junior Class; Tommy Ferguson, Student Council; Milton Davis, Sophomore Class and Jimmy Hawkins, Senior Class.

## Developing Leaders One of Top Goals of FFA Activities Here

Developing the right kind of leaders for tomorrow is important. Thus, the FFA strives to prepare boys for their roles as leaders in tomorrow's world. Many activities in the FFA give boys a chance to develop their leadership ability.

The leadership committee of the annual program of work is headed by Chapter Sentinel Donnie Jones. Serving on his committee are Gary Connally, Jerry Farnsworth, Jimmy Niedecken, Rick Shamblin, James Strother, Jackie Williams, and Mike Young.

A major leadership training program is the study of parliamentary procedure and training of chapter conducting teams. All members in class are taught how to properly conduct business meetings. As a result of this study this year, the Hamlin FFA chapter had the first team to represent Hamlin High School to win district. The junior chapter conducting team competed in the seventeen-school Stamford FFA District and walked away with first place and the chance to represent

the Stamford District in the Area II FFA Leadership Contests where they placed second. Team members were Mike Brown, Peter Comacho, Mike Young, Bob Clifton, John Hix, Gil Lain, Charlie Bishop, and Milton Davis.

A leadership training school for chapter officers is held each summer. This training school prepares chapter officers to fulfill their duties as an officer in the local chapter.

Members of the local chapter also run for district and area offices. This year Robert Moore is serving as Secretary of the Stamford FFA District.

FFA training also equips a boy to serve other organizations in the school better. This year the president and vice-president of each class is an FFA member. They included Bill Johnson, Peter Comacho, Milton Davis, Bob Clifton, Robert Moore, Larry McCoy, Jimmy Hawkins, and Mike Smith. Also Tommy Ferguson is serving as President of the Student Council and Mike

Smith as Reporter.

Another form of leadership training is committee work. Every FFA member serves on at least one committee each year. This allows him to develop his ability and to better serve his chapter and school.

Local FFA members had the opportunity to observe how a boy can improve himself by developing his leadership ability this year when the President of the Texas FFA Association, Kenneth Graeber, visited the local chapter. Kenneth's talk not only impressed local FFA members but all of Hamlin High School.

Other leadership activities include public speaking contests, attending district, area and state FFA meetings, and leading group discussions.

**Stolen Cars Recovered**  
NEW YORK — Although more than 90 percent of all automobiles stolen in the United States are recovered, according to the Insurance Information Institute, about 30 percent of the recovered cars have been damaged or stripped of parts—many to the extent that they represent total losses.

Lamb County in the Texas Panhandle is almost square, measuring 30 miles from east to west and 34 miles from north to south.

## The RESPECTED WORD

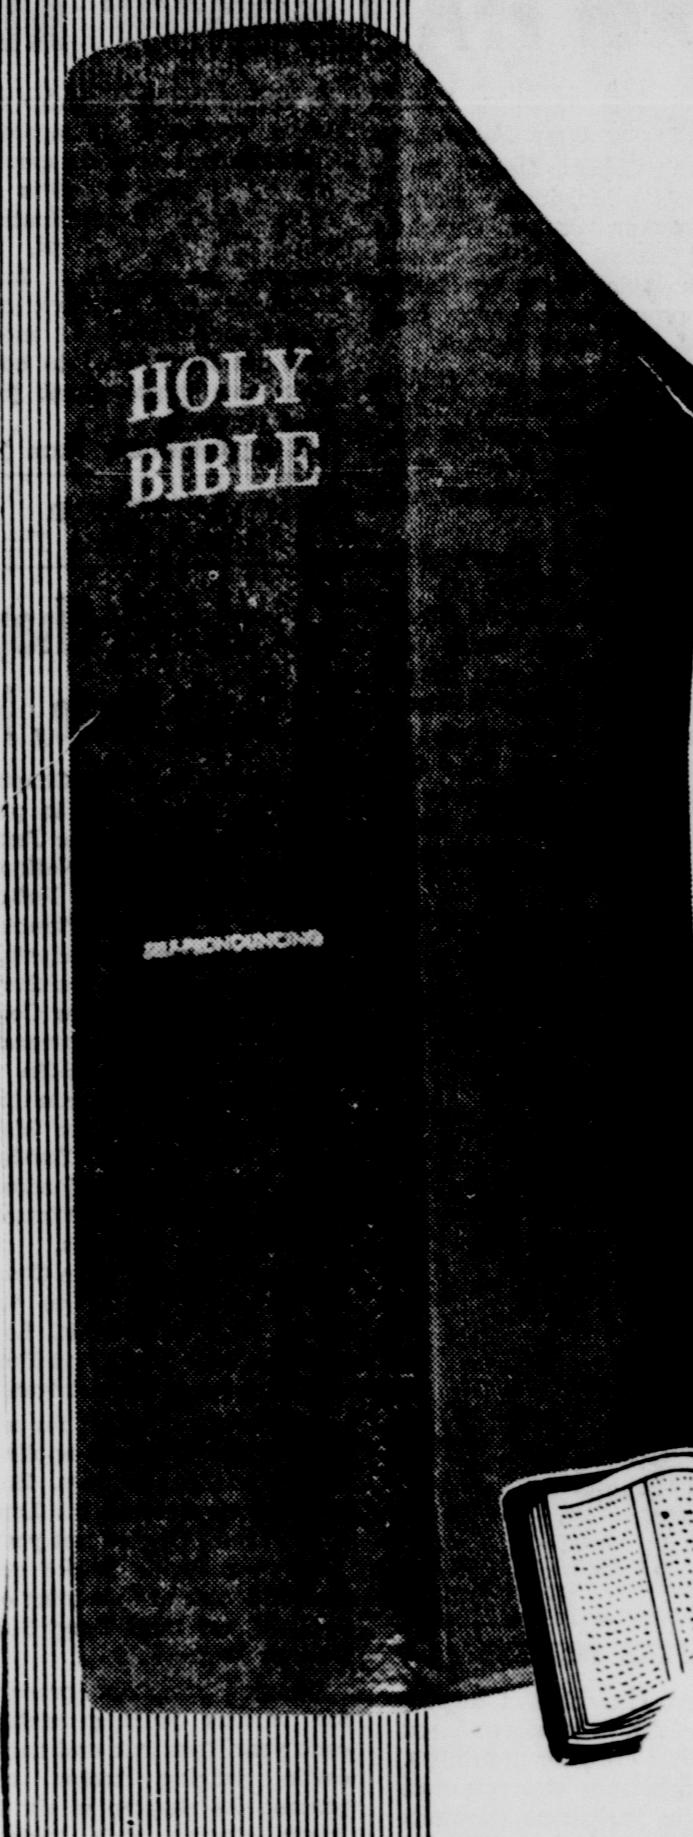

The bible is a book translated into every known language. It is the word that men have died for, in order that it may be available to all men. It is the textbook for God's people.

The bible, itself, is not worshipped, but is respected, for it is the story of God and his relationship to man. It is man's guide for worship and daily living.

Attend church regularly, study, and seek God's will in your life.

"I wait for the Lord, my soul doth wait, and in his word do I hope."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**INSTRUCTS ON PROPER METHODS** — T. C. Blankinship, left, local vocational agriculture teacher, instructs first year students Keith Johnson and Hollis Stephens on proper methods of pruning trees. This tree is a pecan tree at the City Water Works that was budded two years ago by a vocational agriculture

class. Through information gained in class, chapter members are prepared to serve the community in various ways. Farm Safety and fire prevention, preventing livestock losses, conserving natural resources, and beautifying home grounds are some of the areas members are trained to provide services in.

Observer, San Angelo Standard Times, Stamford American, Texas Future Farmer, and Western Observer (Abilene). Gil Lain, exhibitor of the

reserve champion barrow, and Milburn Wink, vocational agriculture teacher, were interviewed over radio station KRBC in Abilene during the Abilene Fat Stock Show.

This year a special program is planned for boys in the eighth grade to inform them about the FFA and vocational agriculture. This program is planned for May.

**ENTERTAINMENT GROUP** — FFA members who provided music for the Lions Club pancake supper Friday evening are, left to right, Howard Williams, Sammy Ferguson, Jimmy Hastings, Paul

Long and Pat Jenkins. The combo will represent the Hamlin FFA Chapter in the talent contest of the Stamford FFA District in May.

## FFA Means Fun, Too

It is the duties of the FFA recreation committee of the annual program of work to plan recreational activities of the local chapter throughout the year. James Ledbetter, senior FFA member, is chairman of this committee. Bob Clifton, Orville Houghton, Raymond Nichols, Harold Sibert, Paul Spalding, Hollis Stephens, and Gary Woolf are committee members.

Recreational meetings, the annual watermelon feed, and the annual FFA-FHA Fun Night are all projects of the recreation committee.

This year a group of FFA members, Sammy Ferguson, Jimmy Hastings, Pat Jenkins, Paul Long, and Howard Williams have organized a combo and are making plans to enter the Stamford District Entertainment Contest in May.

## Future Farmers Learn to Help With Others

Learning to cooperate with fellow FFA members, the school, the community, and other FFA organizations is important for all FFA members. This year Ronnie Rodgers and his committee on cooperation planned many cooperative activities for members of the Hamlin FFA Chapter. Also serving on the committee are Van Covington, Sammy Ferguson, Sammy Hester, Ramon Morales, Milbourne Newland, Louis Shelton, Odell Thomas, and Ronnie Wilcox.

A major project of the cooperation committee this year was assisting with the Jones County Livestock Show. Many boys served as junior superintendents and assistants. Thanks to the hard work of these members the show was run off smoothly and successfully.

Another project of the cooperation committee was continuation of the Hamlin BCD Beef Heifer Chain. FFA members were encouraged to apply for one of the heifers. From the applicants four first year members, Mike Brown, Gil Lain, Hollis Stephens, and Mike Young, were awarded registered beef heifers.

**\$45,000 FIRE HERE SUNDAY MORNING**

A loss of \$45,000 has been estimated following the early Sunday morning fire which destroyed the hull house and mixed feed plant at Plains Co-op Oil Mill, in east Hamlin. The fire was discovered about 4 a.m. Sunday morning and was under control of the Hamlin Volunteer Fire Department by 10 a.m. The hull house was almost filled at the time of the fire. The value of the con-

tents lost was \$15,000 in products. The steel building was torn away to control the blaze, leaving the mound of hulls on the right. A portion of the mixed feed plant is on the left. The mill is still in operation and plans are to rebuild as soon as possible. The hulls were still smoldering when the picture was taken Tuesday, after the snow Monday and Tuesday.

## Weather Data Now Available For Rolling Plains Cotton Area

Cotton growers who make the most profit from their crop grow it when the weather conditions are most likely to be favorable. They usually produce a high yield of good quality cotton during a short period. This allows them to harvest their crop mechanically without loss of grade.

A greater knowledge of weather data can aid growers in making annual production plans to keep their crop on a profit making schedule. Weather data (summaries of weather for the past 31 years) is

### Judy Jenkins To Serve On Staff At Girls State

Judy Jenkins, a senior at Hamlin High School and daughter of Mr. and Mrs. E. N. Jenkins, has been notified of her selection as a member of the staff or counselor for the 1966 session of Bluebonnet Girls State to be held at Austin, Texas, at the Texas School for the Blind, June 15-24.

Judy, along with Sheila Stone of Hamlin, was a citizen of Bluebonnet Girls State during the 1965 session. After an unsuccessful primary campaign for governor from her political party, Judy was appointed by the governor-elect to be a member of the State Board of Health. ## Local Chapter Observing National FFA Week

The week of February 22, George Washington's Birthday, is observed as National FFA Week each year by FFA chapters throughout the United States and Puerto Rico. The FFA is a national organization for boys studying vocational agriculture. There are over 450,000 members in the national organization and over 48,000 in Texas.

The primary aim of the FFA is to develop agricultural leadership, cooperation, and citizenship. This prepares today's youth for the responsibilities of tomorrow.

The theme for National FFA Week this year is "Agriculture Is More Than Farm-

ing." Many related fields are now offering numerous opportunities persons interested in agriculture.

Many FFA members try to live by the FFA Motto: Learning to do, Doing to learn, Earning to live, Living to serve.

Through classroom work and field trips members learn to do. As they apply the knowledge learned in the classroom, they then do to learn. After the first two steps are completed, boys are ready to learn a living in the broad field of agriculture. Then as responsible citizens, they live to serve the community and country.

Membership in the Hamlin FFA Chapter exceeded 100 members this year as 102 students paid local, district, area, state, and national FFA dues.

Encouraging all eligible boys to become active FFA members is the responsibility of the membership committee of the annual program of work. Chairman of the membership committee is Bobby White. Committee members are Joe Carrington, Billy Cooper, Pat Jenkins, Leroy Kirby, Dickie Scott, Reginald Wells, and Ector Willis.

Eighty-one of the local members are enrolled in a class of vocational agriculture this year. The other twenty-one members have completed one, two, or three years of study in vocational agriculture class work.

Moisture from the snow and sleet amounted to .08 inches. The snow measured at the City Pump Station was three-fourths inch.

The moisture is welcomed by the farmers and stockmen but the cold temperatures have slowed the growing process of the small grains. Supplemental feed is being given the stock.

Our high school basketball teams said farewell to basketball Thursday, and welcomed volleyball. It was a nice season for basketball and all are looking forward to the next season.

"Hey, don't forget that piece of old wash tub over there!" was the cry Friday. As the junior and senior boys collected scrap iron to help raise money for the Junior-Senior Trip.

As the boys were busy collecting iron, the junior and

"Ten dollars on this lovely cake; do I hear eleven, will someone bid eleven? Ten dollars going once, ten dollars going twice, ten dollars going three times! Sold to the man wearing the pink tie," hollered George Law, our agricultural teacher, as he auctioned off

cakes for the FFA. FFA had a cake auction Tuesday night during the half of the boys game. The outcome of money was terrific. Now the FFA Chapter can plan instead of dream of that banquet they want.

Jeanne Acklin, junior, has also taken over a new office. She is replacing Linda Snodgrass as secretary and treasurer in FFA. Jeanne is also fourth vice-president.

Our Junior High varsity in basketball traveled to Trent Monday night. The girls were defeated by the Trent Gorillas. The boys team added another victory to its undefeated record. Austin — While the Legislature in special session on voter registration grabbed the headlines, far-reaching developments were afoot in the field of higher education last week.

Coordinating Board for Texas Colleges and Universities recommended a whopping increase of nearly \$160,000,000 in appropriations for its state institutions during the coming biennium.

That would bring the total 1967-68 spending level to \$429,100,000 for the tax-supported college-university system, including \$52,800,000 for public junior colleges.

Board also concluded that "primary responsibility" for doctoral degree programs should be restricted to four schools: The University of Texas, Texas A & M University, Texas Technological College and the University of Houston. Doctoral programs at other institutions will be terminated by Sept. 1, 1968.

Exceptions were allowed for North Texas State University and Texas Woman's University, Denton, which will be allowed to continue higher degree programs now underway, pending further study. Consideration will be given to Arlington State College's offering joint doctoral degrees in the Fort Worth-Dallas area with the two Denton institutions.

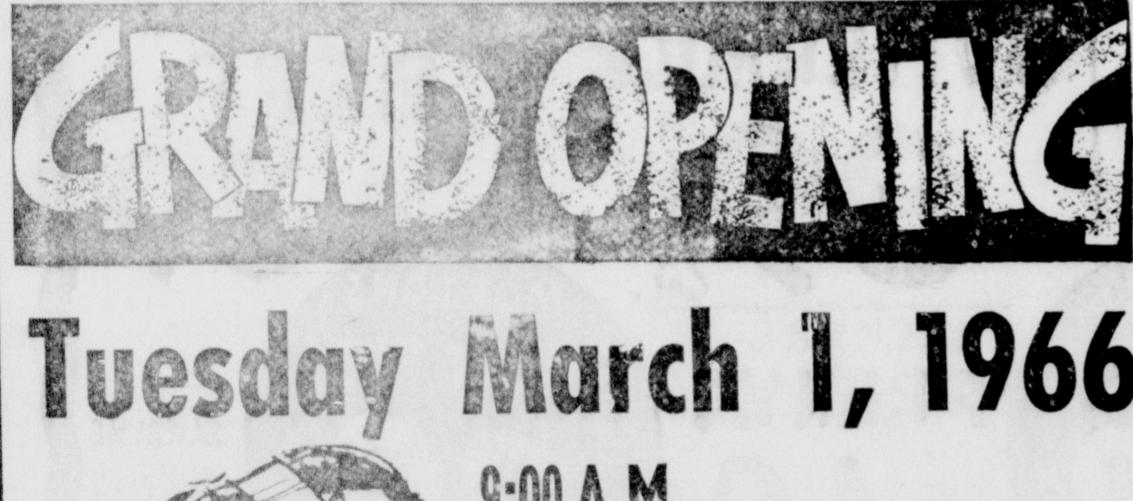

Law school training, said the Board, should in the future be limited to the University of Texas, University of Houston and Texas Tech, and existing medical schools should continue under UT jurisdiction.

The FHA girls were hosts to their fathers Tuesday night at a "Father-Daughter Supper." The girls provided enough food for themselves and their fathers. The FHA funds provided for the drinks and the dessert. The theme was "A Take-Off on the Tonight Show." Judy Jenkins was the master of ceremonies.

This week has really been a busy one for the Juniors of HHS. Thursday they presented their play, "Reluctant Reunion" as a matinee. Friday night the play was presented to the public. The cast consisted of: Geneva Ward—Betty Moore, Randy Smith—Jack Moore, Margaret Johnson—Jennifer Moore, Pam Holtz—Ginger Moore, Dennis Weaver—Reginald Moore, Rheana Sanderlin—Marguerite, Sue Roddy—Cynthia, Mike Murphy—Uncle Clyde, Joe Adams—Louie, Helen Moore—Mollie, Raymond Nichols—the Sheriff, John Osborn—Charlie Cooper. Robert Moore, president of the Junior Class was asked "What he considered a hero was". This was his answer.

The basketball girls played

the Trent team Thursday night.

This was not a scheduled game; however, it gave us

another victory 72-48. Saturday the girls will travel to Coahoma to try for the bi-district championship. The team opposing HHS will be from Marfa. Let's back our team by attending this game, and by showing good sportsmanship.

# Well Balanced Supervised Farming Program Is Goal of Local FFA Chapter Members

**1964-65 STAR CHAPTER FARMER** — Robert Moore, Chapter vice president and 1964-65 Star Chapter Farmer of the Hamlin FFA Chapter, looks over one of his registered Hampshire sows and part of her litter. Robert won the award last year on his beef cattle program. He has now added a herd of four Hampshire sows, a Chester White gilt and a Chester White Boar. He just recently purchased the Chester Whites after they were named Champion Chester White Female and Champion Chester White Boar of the Southwestern Exposition Livestock Show and Rodeo at Fort Worth.

## Local FFA Chapter Takes Part In Both State, National Activities

The Hamlin FFA Chapter takes an active part in programs sponsored by the Texas Association and the National Organization of the Future Farmers of America. Planning the local chapter participation in these programs is the State and National Activities Committee of the annual program of work. Rickey Acklin is chairman of this committee.

Working with him are Marshall Bond, Keith Bundas, Glenn Kiser, Ismael Mendoza, Jimmy Scott, James Watson, and Howard Williams.

Each year the Hamlin Chapter sends delegates to the State FFA Convention. Last year Holman Jones and Donnie Jones were our delegates.

Members qualifying for advanced degrees submit applications for these degrees. Holman Jones received his Lone Star Farmer Degree last year. This year Jackie Buske and Robert Moore are planning on applying for their Long Star Farmer Degrees.

Chapter members prepare for various judging contests each year, livestock and dairy cattle judging teams represent the chapter at six or seven contests each spring.

Members are now competing for places on the livestock judging team.

The Hamlin Chapter also participates in the National FFA Foundation Awards Program. Awards will be presented at the annual Father-and-Son Banquet to the Star Green Hand, Star Chapter Farmer, Farm Mechanics winner, Star Livestock Farmer, Star Poultry Farmer, and Chapter Public Speaking winner.

The local chapter plans special activities during National FFA Week. These activities include a special edition of the Hamlin Herald, FFA displays, and a FFA-FHA Fun Night.

The local chapter also enters the chapter rating contest. A superior rating has been obtained the last four years. This is the highest rating given by the Texas Association.

## Developing Leaders One of Top Goals of FFA Activities Here

Developing the right kind of leaders for tomorrow is important. Thus, the FFA strives to prepare boys for their roles as leaders in tomorrow's world. Many activities in the FFA give boys a chance to develop their leadership ability.

The leadership committee of the annual program of work is headed by Chapter Sentinel Bonnie Jones. Serving on his committee are Gary Connally, Jerry Farnsworth, Jimmy Niedecker, Rick Shamblin, James Strother, Jackie Williams, and Mike Young.

A major leadership training program is the study of parliamentary procedure and training of chapter conducting teams. All members in class are taught how to properly conduct business meetings. As a result of this study this year, the Hamlin FFA chapter had the first team to represent Hamlin High School to win district. The junior chapter conducting team competed in the seventeen-school Stamford FFA District and walked away with first place and the chance to represent

## The RESPECTED WORD

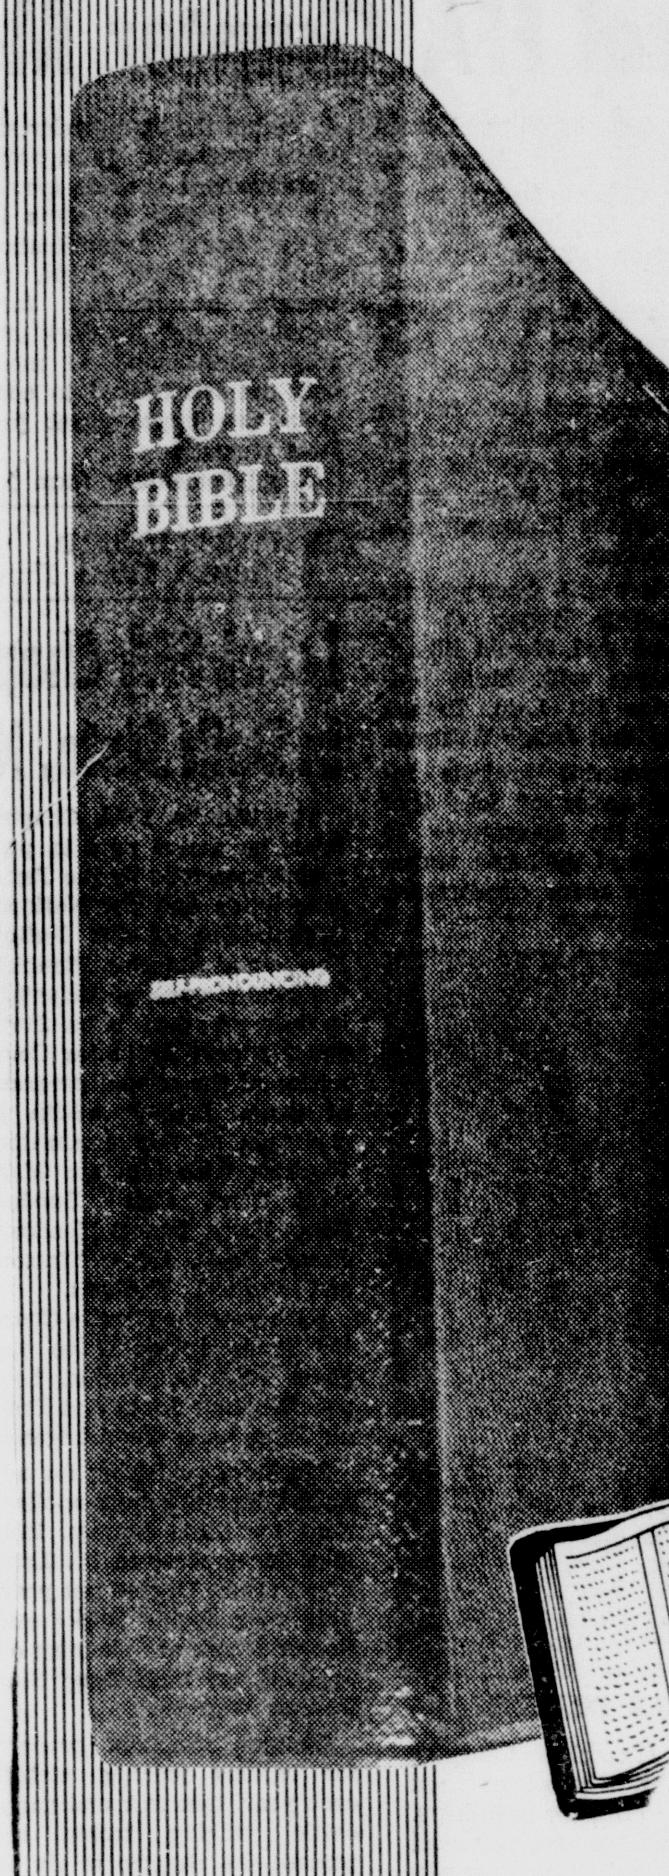

The bible is a book translated into every known language. It is the word that men have died for, in order that it may be available to all men. It is the textbook for God's people.

The bible, itself, is not worshipped, but is respected, for it is the story of God and his relationship to man. It is man's guide for worship and daily living.

Attend church regularly, study, and seek God's will in your life.

"I wait for the Lord, my soul doth wait, and in his word do I hope."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**PREPARES COPY FOR SPECIAL PUBLICITY** — Mike Smith, chapter reporter, prepares a story for use during National FFA Week. Mike is in charge of preparing publicity for the Chapter throughout the year.

## Local Chapter Keeps Public Informed of Activities Many Ways

Keeping the public informed about the activities of the Hamlin FFA Chapter and the Hamlin vocational agriculture department of the Hamlin FFA Chapter and the Hamlin vocational agriculture program is the responsibility of the Public Relation Committee. Chapter Reporter Mike Smith is chairman of this committee. Working with Mike are Sammy Bond, Mike Brown, Danny Cary, Johnny Flowers, Gil Lain, Jimmy Price and Johnnie Traughber.

One way of getting good publicity is to have all members wear official FFA jackets and to display FFA exhibitor cards at fairs and stock shows. This year chapter members have exhibited animals at West Texas Fair, the Fisher County Fair, the Jones County Fair, the State Fair of Texas, the Jones County Livestock Show, the Abilene Fat Stock Show, the Southwestern Exposition and Rodeo at Fort Worth, and the San Antonio Livestock Exposition and Rodeo. Members are also planning on exhibiting at the San Angelo Fat Stock Show.

Newspapers are used to inform the public about the activities of the FFA Chapter and the Hamlin vocational agriculture department. So far this year 79 articles have appeared in the Hamlin Herald about the FFA or vocational agriculture development of Hamlin High School. Thirty-six articles have appeared in the Abilene Reporter News. Other publications having articles about the local chapter include the Big Spring Herald, Robert Lee

**INSTRUCTS ON PROPER METHODS** — T. C. Blankenship, left, local vocational agriculture teacher, instructs first year students Keith Johnson and Hollis Stephens on proper methods of pruning trees. This tree is a pecan tree at the City Water Works that was budded two years ago by a vocational agriculture

class. Through information gained in class, chapter members are prepared to serve the community in various ways. Farm Safety and fire prevention, preventing livestock losses, conserving natural resources, and beautifying home grounds are some of the areas members are trained to provide services in.

Observer, San Angelo Standard Times, Stamford American, Texas Future Farmer, and Western Observer (Anson).

Gil Lain, exhibitor of the

reserve champion barrow, and Milburn Wink, vocational agriculture teacher, were interviewed over radio station KRBC in Abilene during the Abilene Fat Stock Show.

This year a special program is planned for boys in the eighth grade to inform them about the FFA and vocational agriculture. This program is planned for May.

**PROGRAM OF WORK** — Robert Moore, seated, right, chairman of the organizational committee, points out activities in the annual program of work to, left to right, Milton Davis, Tommy Ferguson, as Donnie Jones and Sammy Hester look on. Robert is assisted on his committee

by Doug Carlton, James Cork, John Hix, G. W. Kirkland, Ernest Ledbetter, Roy Phelps, John Poe and Jerry Priddy. The annual program of work is prepared by this committee and sent to the Area Office by Nov. 1.

**ENTERTAINMENT GROUP** — FFA members who provided music for the Lions Club pancake supper Friday evening are, left to right, Howard Williams, Sammy Ferguson, Jimmy Hastings, Paul

Long and Pat Jenkins. The combo will represent the Hamlin FFA Chapter in the talent contest of the Stamford FFA District in May.

## FFA Means Fun, Too

It is the duties of the FFA recreation committee of the annual program of work to plan recreational activities of the local chapter throughout the year. James Ledbetter, senior FFA member, is chairman of this committee. Bob Clifton, Orville Houghton, Raymond Nichols, Harold Sibert, Paul Spalding, Hollis Stephens, and Gary Woolf are committee members.

Recreational meetings, the annual watermelon feed, and the annual FFA-FHA Fun Night are all projects of the recreation committee.

This year a group of FFA members, Sammy Ferguson, Jimmy Hastings, Pat Jenkins, Paul Long, and Howard Williams have organized a combo and are making plans to enter the Stamford District Entertainment Contest in May.

**WEST TEXAS UTILITIES**  
AN INVESTOR OWNED WTU ELECTRIC COMPANY

Learning to cooperate with fellow FFA members, the school, the community, and other FFA organizations is important for all FFA members. This year Ronnie Rodgers and his committee on cooperation planned many cooperative activities for members of the Hamlin FFA Chapter. Also serving on the committee are Van Covington, Sammy Ferguson, Sammy Hester, Ramon Morales, Milbourne Newland, Louis Shelton, Odell Thomas, and Ronnie Wilcox.

A major project of the cooperation committee this year was assisting with the Jones County Livestock Show. Many boys served as junior superintendents and assistants. Thanks to the hard work of these members the show was run off smoothly and successfully.

Another project of the cooperation committee was continuation of the Hamlin BCD Beef Heifer Chain. FFA members were encouraged to apply for one of the heifers. From the applicants four first year members, Mike Brown, Gil Lain, Hollis Stephens, and Mike Young, were awarded registered beef heifers.

## Chapter Urges High Scholastic Ranking by Use of Honor Roll

Each six weeks FFA members with high scholastic ratings are honored by being placed on the FFA Honor Roll. The honor roll is placed on the bulletin boards of each vocational agriculture classroom. Each semester a permanent honor roll is posted. A member may make the honor roll by having a 90 or above average in a class of vocational agriculture, having an 80 average overall, or by having a 90 average overall. This year for the fall semester 38 boys made the honor roll. Of this group 14 had a 90 or above in vocational agriculture, four had an average of 90 or above in all subjects, and 34 had an average of 80 or more but less than 90.

At the annual Father-and-

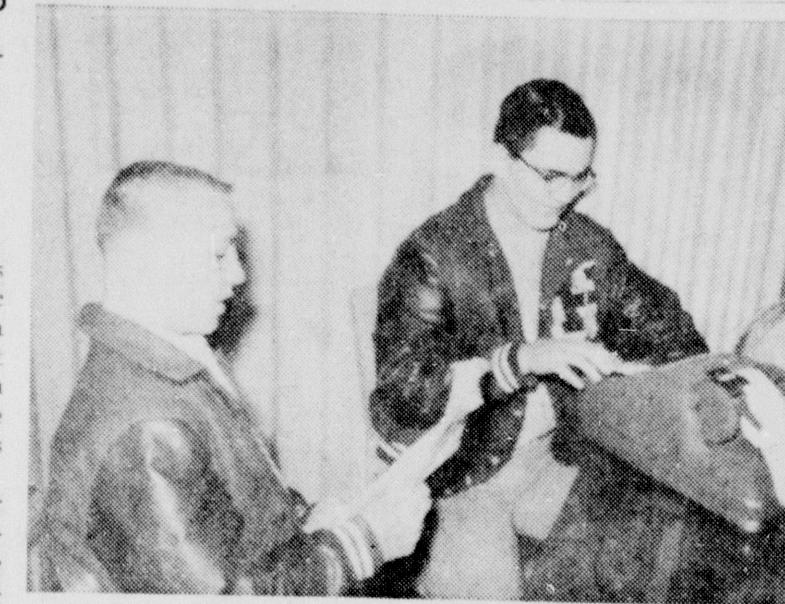

Son Banquet, the members with the highest scholastic standing is present with a scholarship medal and merit certificate. Students with an average of 90 or above are also given merit certificates for scholarship.

The honor roll and other methods of improving or encouraging scholarship are the responsibilities of the scholarship committee. Larry McCoy, junior FFA member heads this committee. He is assisted by Elgin Baldwin, Glynn Ingram, Robert Laffler, Ulichous McPherson, Roy and Jerry Stuart.

Scholarship is one guide considered in selecting chapter officers, candidates for district and area office, and members allowed to represent the chapter at various contests.

## FAIRVIEW NEWS...

By Mrs. Elmer Joiner

Winter has returned again this Monday morning, it has rained, sleeted and snowed so far, lets hope that morning brings us another big snow. Everyone is predicting a late spring since winter was so

late coming.

Five of our women from Fairview went to the W. M. U. meeting of the First Baptist Church, last Tuesday, when Mrs. Spencer Liles brought the book on Panama. Mmes. Fred Rosenbaum, H. L. Ford, Woodrow Goodwin, Winson Gray and Elmer Joiner were the ladies attending the meeting and having lunch with the host church.

We are sorry to report that both Mrs. Raleigh Bond and Mrs. Johnnie Agnew are in the Hamlin Hospital. Neither of them live in our community any more but they are still our folks.

Mrs. Runt McCoy and Mrs. Elmer Joiner attended council, in Anson, last Wednesday, of the Home Demonstration Clubs. Mrs. M. S. Johnson, who is council delegate of the Friendship Club, was unable to attend because of illness.

Filling the pulpit for both services Sunday, was Spencer Liles, of Hamlin. We all enjoyed having him very much. We still are not any closer to calling a pastor.

Spencer Ford broke a finger, while playing at school, last Wednesday.

Mr. and Mrs. Winson Gray ate lunch with the Woodrow Goodwins Sunday.

Mr. and Mrs. Joe Ford ate

lunch with their son's family, the H. L. Fords.

Mrs. Earl Herbst, of Hamlin, was a Thursday night visitor of the Flavil Holmes.

Ronald Joiner spent Saturday afternoon with his grandmother, Mrs. Elmer Joiner, while his mother went to Abilene on business.

Mr. and Mrs. Jack Wright and children, of Abilene, were Saturday visitors of her parents, Mr. and Mrs. Flavil Holmes. They had brought the children over to the doctor, as they had all been sick with colds, but were recovered enough that they were planning on being in church Sunday.

We hear that Mr. and Mrs. Fred Rosenbaum have been fishing several times the past two weeks, catching some nice fish to eat. They love to fish and went out scouting Sunday afternoon, for a good place to fish, planning on taking off from farming long enough, the first pretty day. We are almost sure they didn't go today.

This reporter made a flying trip to Abilene early this Monday morning taking out time to spend the day with her daughter and family. It is so wonderful for her to be able to go places again.

First pictorial representation of a wheeled cart dates from 3500 B. C. It was found in a Mesopotamian temple.
